Subject: Copy of Calendar Update and Attachments

Dear Members,

I forwarded a copy of this information earlier today with a calendar update. Then, I realized some of you may not be able to open the calendar event and attachments with your phones.

Also, I am currently working with the Hilton to straighten out the reservations in the room block. Please let me know if you did not receive your room at the government rate. The hotel is willing to give us the rooms however, I am unable to guarantee them for you and the hotel needs a personal credit card.

Best regards,
Cheryl

Tomorrow we will have the pre-briefing, as scheduled, from 1:30 to 3:00 p.m. Please call in between 1:15 and 1:25 p.m. The call in number is:

Call in number: 877 336 1828

Access code: 8131797

Attached is a summary of the comments received on the docket for the notice of proposed rulemaking (NPRM), *"Pipeline Safety:* Safety of Hazardous Liquid Pipelines." The information is the same in each of the attachments we have just provided two formats.

We will not be providing a live meeting as PHMSA is currently changing platforms.

Sincerely,

Cheryl P. Whetsel
