- 4:00 Closing Remarks / Adjourn

Plan, Do, Check, Act

Continuous Improvement is the Goal

Framework for Continuous Improvement

- Industry, Regulators, Advocates, and Public Alike Agree
 - Zero Accident is Our Indisputable Goal
 - Work to Do
- SMS is a Widely Accepted Framework for Continuous Improvement and Learning – More from Chris Hart
- Development of API's RP 1173 began in December 2012
 - Monthly meetings, with plenty of team meetings on side
 - A consensus has finally emerged – that's what you'll hear today
 - Broad alignment on the added safety value, but also on the need for flexibility

Next Speaker

- Honorable Christopher Hart
 - Acting Chairman / National Transportation Safety Board
 - BSE-MS/Aeronautical Engineering – Princeton
 - JD/Law - Harvard
 - First term with NTSB – 1990-1993
 - Senior leader at NHTSA and FAA
 - Reappointed in August 2009
 - Three terms as Vice-Chairman
 - Nominated by President to Serve as Chair – 6/26/2014
