C. 2 

D. 3

E. 4

A Short Quiz

How many recommendations addressing pipeline safety were issued in 2015?

A. Zero

D. 22

B. 6

E. 28

C. 17

F. 35

Integrity Verification

- Aggressively and diligently search for all as-built drawings, alignment sheets, and specifications, and all design, construction, inspection, testing, maintenance, and other related records
- These records should be traceable, verifiable, and complete

Integrity Verification

- Know what you don't know
- Find what you are not looking for
- Think Leak

Integrity Verification

- Questions
