Federal Register  
Docket ID: PHMSA-2013-0094

# Working Group Composition

# Plans to Strengthen Public Awareness

- Formulating a small, working group (Summer 2013)
- Focus of the working group is to:
  - Review inspection findings/summaries
  - Identify gaps in public awareness requirements
  - Comments on the Docket ID: PHMSA–2013–0094
  - Share findings on ways to improve public awareness
- API RP 1162 will address future editions/changes
- Incorporating a different RP 1162 edition is TBD
- Deliverable: Working group findings for regulatory and/or recommended API RP 1162 changes (tentatively end of 2013)

# Conclusion

- Planning to host webinars on where to find PHMSA information on websites
- Pipeline safety is a shared responsibility
- Let's all consider ways to improve pipeline safety
- Thank you for your participation!
