

Young Pipeline Professionals USA

Young Pipeline  
Professionals USA  
Our Energy Future

## Our Mission

- To Connect, Educate & Develop the future leaders of the pipeline industry

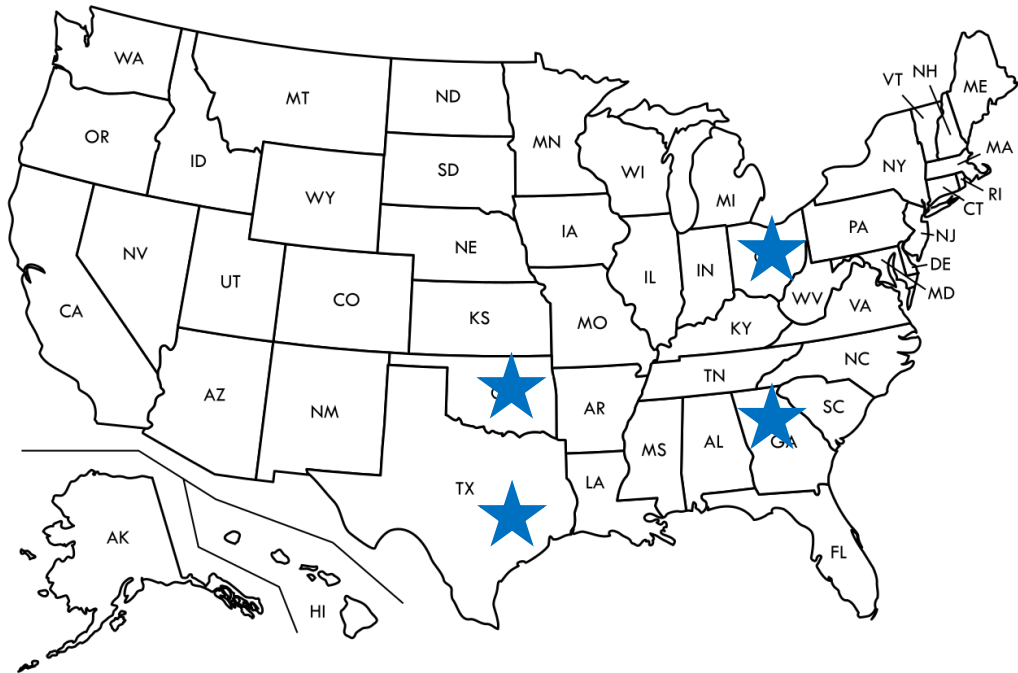

## Our Objectives

- To prepare ourselves to accept the transfer of the duty of care for the pipeline industry
- Educate young professionals about the pipeline industry
- Create leadership opportunities for the next generation of pipeline professionals.
- Foster relationships and build a network for the advancement of the industry.
- **Promote diversity and inclusion as leaders within our industry.**

300+ active members including operators, service providers, vendors, consultants, and students across 26 states

## Local Chapters

- Houston, TX
- Tulsa, OK
- Columbus, OH
- Atlanta, GA

# Value of Membership

- Develop members technically and professionally through:
  - Technical presentations (one per month)
  - Symposium (every other year)
  - BRIDGE Workshops (twice per year)
  - Leadership opportunities – 14 positions
  - Site visits
  - Discounts on training courses

# YPP Symposium

- April 2022 in Houston, Texas – “Our Energy Future”
- Key Topics:
  - Introduction of hydrogen in pipelines
  - Future of pipeline integrity
  - Pipeline asset security
  - Latest technologies implemented in pipeline design

# What YPP USA is NOT...

- YPP USA is not a poaching ground for recruiters or other employers
- YPP USA does not post job opportunities
- YPP USA does not provide its contact list to anyone
- YPP USA does not endorse specific products or services

## Industry Members

- Be no more than 35 years of age in the membership year, and
- Be employed or actively seeking employment by a pipeline owner/operator, service company, vendor or a consulting company which directly serves the pipeline industry and have internal stakeholder support for YPP membership.

## Student Members

- Pursuing higher education with the intent to hire into the pipeline industry.

**COST TO JOIN IS FREE!**
